**USAREUR Regulation
No. 215-101**

7 June 1984

Welfare, Recreation, and Morale

REGISTRATION AND CONTROL OF USAREUR BOXERS

Supplementation of this regulation is prohibited without prior approval from the Commander in Chief, USAREUR (ATTN: AEAGA-SR).

The only interim changes to this publication that will be implemented are those having an expiration date and an Adjutant General, USAREUR, authentication.

1. Purpose. This regulation prescribes policy and procedures for registration and control of United States (US) military personnel participating in the United States Army, Europe (USAREUR), boxing program. This regulation will be used with AR 215-2 and USAREUR Supplement 1 to AR 28-1.

2. Applicability. This regulation applies to US military personnel competing in all levels of boxing (e.g., USAREUR, championship, invitational, smoker level) in USAREUR.

3. General. a. USAREUR Boxing Rules. The United States of America Amateur Boxing Federation (USAABF) rules govern boxing in USAREUR.

b. Registration. US military personnel who want to participate in the USAREUR boxing program must register with their community morale support activity (MSA) sports office.

(1) To be eligible for competition, boxers must possess an AE Form 26 (USAREUR Boxing Permit). To obtain AE Form 26, boxers must submit AE Form 25-R (USAREUR Boxer Registration), in triplicate, to the MSA sports director along with a 2- by 2-inch passport-type photograph. Figure 1 is AE Form 25-R. AE Form 25-R will be reproduced locally on 8 1/2- by 11-inch paper through the servicing forms management office.

(2) Boxers participating in special competitions (e.g., intrabrigade, battalion, company level) may be exempt from the above policy on a one-time basis; however, the competition will be considered official (i.e., the competition will count in the participant's beginning boxing record). Safety requirements must be observed in special competitions.

4. Responsibilities. a. The Commander, MSD, 1st PERSCOM, will:

(1) Establish and administer procedures for control and registration of boxers participating in the USAREUR boxing program.

(2) Maintain a record of pertinent information on USAREUR boxers.

(3) Provide a monthly printout of data on boxers in USAREUR to the sports offices of USAREUR commands with community responsibility (i.e., V Corps; VII Corps; 21st Support Command (21st SUPCOM); the United States Army, Berlin (USAB); the United States Army Southern European Task Force (USASETAF); 26th Support Group (26th Spt Gp); and the Seventh Army Training Command (7ATC)) (para 3b).

b. Commanders of USAREUR commands with community responsibility (para 3b) will:

(1) Operate and manage the boxer control and registration program in their areas.

(2) Maintain liaison with the Commander, 1st PERSCOM, ATTN: AEUPE-MSD, APO 09081, to ensure information pertaining to boxers within their areas is submitted to the Commander, 1st PERSCOM, ATTN: AEUPE-MSD-S, APO 09081, in a timely manner.

c. USAREUR community commanders will ensure:

(1) One copy of AE Form 25-R is submitted to the sports office of the appropriate USAREUR command with community responsibility (para 3b) and to the Commander, 1st PERSCOM, ATTN: AEUPE-MSD-S, APO 09081.

(2) Pertinent personal information is typed on page one of AE Form 26.

(3) The individual's picture is glued on page one of AE Form 26.

(4) The community abbreviation and a sequential numbering system (e.g., Frankfurt (FKT)-1) is applied to each AE Form 26.

5. Procedures. a. The boxer or coach will present AE Form 26 to the director of the competition (e.g., morale support officer (MSO), sports director) before the initial weigh-in. Boxers who have not been issued AE Form 26 will not be allowed to compete in the USAREUR boxing program.

b. The director of competition will give the AE Form 26 to the attending physician before the physical is given. On completion of the physical, the physician will return the AE Form 26 to the director of competition.

c. The doctor performing the physical will annotate on the AE Form 26 his or her name, signature, date, and results of the physical (i.e., fit or unfit). If the individual is found to be unfit, the physician must state the reasons in the remarks section.

d. The director of competition must ensure required data (e.g., doctor's signature, results of bouts, date) are entered properly on AE Form 26 and the description on the AE Form 26 matches the individual boxer. The participant's military identification card may be used as verification. At the conclusion of competition, the AE Form 26 will be returned to the boxer or the team coach. Within 3 workdays of the event, the director of competition must notify, by telephone or in writing, the sports office of the appropriate USAREUR command with community responsibility (para 3b) and the sports office, MSD, 1st PERSCOM, of competition results. In all cases, written results must follow within 10 workdays. If a boxer is hospitalized during the competition, the director of competition will annotate the reason for the hospitalization on AE Form 26 and forward it with a written explanation through the sports office of the USAREUR command with community responsibility (para 3b) to the boxer's community sports director. The community sports director then will mail the AE Form 26 back to the individual.

e. When the AE Form 26 is filled in completely, another permit will be issued with the original control number. A designation of AE Form 26 (e.g., 1st, 2d, 3d) will be written on page one of the AE Form 26. The boxer may keep the used AE Form 26 as a personal reference.

f. AE Form 26 will be transferred between communities as the soldier is reassigned. The losing community sports director must complete transfer information on the AE Form 26. AE Form 26 will be returned to the individual. The individual then will present it to the gaining community sports director when reassigned.

6. US Military Personnel. US military personnel not assigned or attached to a community must register with an AE Form 26 at the nearest community in order to compete.

USAREUR Reg 215-101
